All you need is this quote:

Ameren's approach to modeling reflects the quip attributed to Groucho Marx: "Those are my principles, and if you don't like them...well, I have others."³ While Groucho may have coined the line as a joke, Ameren is engaged in a cynical attempt to head off a nonattainment designation...

The documents are now on the OneDrive. I haven't had a chance to review these documents yet.

One called “State Responses” is fine under your State Recommendations Folder.

[https://usepa-my.sharepoint.com/personal/chang_andy_epa_gov/Documents/2010 SO2 NAAQS Designations/State Recommendations/Region 07/State Responses](https://usepa-my.sharepoint.com/personal/chang_andy_epa_gov/Documents/2010%20SO2%20NAAQS%20Designations/State%20Recommendations/Region%2007/State%20Responses)

Understandably, this is not really a “state response”, and to boot, the comment is also late...

Sure. What folder do you want these documents to go in? I know that it's just me but it wasn't immediately clear to me. David

David,

When you get back in the office, can you upload the comments from Maxine and WUSTL into the OneDrive Folder that I set up? Thanks!

Unfortunately they weren't attached to the email that was sent to me by Mike Jay. Can you or Jennifer contact the staff lead in R7 to get them?
